Canada Mortgage and Housing Corporation (CMHC) / Société canadienne d'hypothèques et de logement (SCHL)

National Office/Bureau national: 700

Montreal Rd./700, chemin de Montréal,

Ottawa, ON K1A 0P7

Canada Mortgage and Housing Corporation is Canada's national housing agency. We are committed to helping Canadians access a wide choice of quality, affordable homes, while making vibrant, healthy communities and cities a reality across the country.

CMHC assists Canadians in all parts of the country to access a wide range of innovative and affordable financing choices. Through our research, we also contribute to the well-being of the housing sector and encourage innovation in community and housing planning, design, technology, choice and finance. Working with our provincial, territorial and non-governmental partners to deliver the federal government's housing agenda, CMHC helps Canadians from all walks of life access to quality, affordable homes. At home and abroad, we also work in close collaboration with our government partners and the housing industry to enhance Canada's presence in the global marketplace, and share our housing experience and expertise with the world.

La Société canadienne d'hypothèques et de logement (SCHL) est l'organisme national responsable de l'habitation. La SCHL veille à ce que les Canadiens aient accès à un large éventail de logements de qualité, à coût abordable, et favorise la création de collectivités et de villes dynamiques et saines partout au pays.

Dans toutes les régions du pays, la SCHL aide les Canadiens à disposer d'une vaste gamme d'options de financement novatrices et abordables. Par l'entremise de ses activités de recherche, la SCHL contribue également à la prospérité du secteur de l'habitation. En collaborant avec ses partenaires provinciaux, territoriaux et non gouvernementaux et le secteur privé dans le but de mettre en oeuvre le plan d'action du gouvernement fédéral en matière d'habita-

We work with the public, government, industry, the scientific community, educators and the media to address legislation, animal cruelty, intensive livestock production and transportation, pets, research animals, animals in entertainment and wildlife.

La FSCAA est le seul organisme national représentant plus d'une centaine d'agences de protection des animaux et quelque 400 000 individus. Notre but est de promouvoir la compassion envers tous les animaux. Nous collaborons avec le public, le gouvernement, l'industrie, les milieux scientifiques et éducatif et les médias sur des sujets incluant : affaires juridiques, production agricole intensive et transport, animaux de compagnie, animaux de laboratoire, animaux en divertissement et faune sauvage.

Canadian Intellectual Property Office / L'Office de la propriété intellectuelle du Canada

Head Office:

Place du Portage I, 50 Victoria St., 2nd Fl.,
Commercial Level, Rm. C227,
Gatineau, QC K1A 0C9

The CANADIAN INTELLECTUAL PROPERTY OFFICE (CIPO) is the main federal agency responsible for administering and processing intellectual property (IP) – patents, trade-marks, copyrights, industrial designs and integrated circuit topographies – in Canada. CIPO fosters use of IP systems and information, encourages creativity and innovation, and represents Canada's international intellectual property interests. Intellectual property is a key driver of the knowledge-based economy and is prominent in international trade agreements.

L'OFFICE DE LA PROPRIÉTÉ INTELLECTUELLE DU CANADA (OPIC) est l'agence fédérale principalement responsable de l'administration et du traitement des demandes de propriété intellectuelle (PI) au Canada, c'est-à-dire : les brevets, les marques de commerce, le droit d'auteur, les dessins

industriels et les topographies de circuits intégrés. L'OPIC encourage l'exploitation des systèmes et des renseignements reliés à la PI, promeut la créativité et l'innovation et représente les intérêts internationaux du Canada en matière de propriété intellectuelle. La propriété intellectuelle est un élément moteur essentiel de l'économie du savoir et elle joue un rôle prédominant dans les accords commerciaux internationaux.

THE † LUNG ASSOCIATION
L'ASSOCIATION PULMONAIRE

Canadian Lung Association

3 Raymond St., Ste. 300,
Ottawa, ON K1R 1A3

Lung disease is the third leading cause of death in Canada. For over 100 years, the Lung Association has worked to improve the respiratory health of Canadians through education, advocacy, prevention and re-

search. The Lung Association is a not-for-profit volunteer-based organization. Ten provincial Lung Associations provide lung health programs to help Canadians breathe easier.

Les maladies pulmonaires constituent la troisième principale cause de décès au Canada. Depuis plus de 100 ans, l'Association pulmonaire s'est appliquée à améliorer l'état de la santé respiratoire des Canadiens par la prévention, la recherche, l'éducation et les services. L'Association est un organisme sans but lucratif. Il existe également dix associations provinciales qui offrent des programmes de soutien aux Canadiens afin de mieux respirer pour mieux vivre.

Canadian Sugar Institute / Institut canadien du sucre

The Canadian Sugar Institute (CSI) is a national trade association representing Canadian sugar manufacturers. CSI liaises with government on legislation, trade policies and international agreements. CSI's Nutrition Information Service provides comprehensive nutrition communications, based on current research on sugar and health, and produces a variety of free educational materials in English and French.

L'Institut canadien du sucre (ICS) est une association manufacturière d'envergure nationale qui représente les fabricants de sucre du Canada. L'ICS discute avec le gouvernement de mesures législatives, de politique commerciale et d'accords internationaux. Son service d'information sur la nutrition fournit des communications en nutrition complète, basées sur des recherches récentes sur le sucre et la santé, et il produit des ressources éducatives gratuites en anglais et en français.

Canadian Transportation Agency / Office des transports du Canada

Ottawa, ON K1A 0N9

The Agency is a quasi-judicial decision-maker for air, rail and marine transportation under Government of Canada jurisdiction. Its responsibilities include: addressing complaints and issues from the public about obstacles to travellers with disabilities and from air travellers; issuing licences to air carriers and railways; dispute resolution, including through mediation, for transportation rate and service matters; determining the significance of environmental effects before allowing rail development to proceed; and determining the annual revenue cap for Western grain transportation.

L'Office est un organisme quasi judiciaire ayant un pouvoir décisionnel touchant les transports aérien, ferroviaire et maritime qui relèvent de la compétence du gouvernement du Canada. Ses responsabilités comprennent : répondre aux plaintes et questions du public concernant les obstacles existants pour les voyageurs ayant une déficience et traiter les plaintes et questions afférentes; délivrer des licences aux transporteurs aériens et ferroviaires; résoudre les différends, y compris par voie de médiation, touchant la tarification et les services; déterminer l'importance des conséquences

environnementales avant de donner son assentiment à la construction et à l'exploitation proposées de chemins de fer; et établir le revenu maximal des chemins de fer pour le transport du grain de l'Ouest.

Canon

Canon Canada Inc.

6390 Dixie Rd.,
Mississauga, ON L5T 1P7

Headquartered in Mississauga, Ontario, the company employs 1,500 people at its offices nationwide, servicing the Canadian market from coast to coast. Innovation and cutting-edge technology have been essential ingredients in Canon's success. Canon's leadership in imaging, optical and document management technology and solutions is based in large part on the thousands of patents the company has secured throughout its history. Currently, Canon Inc. is among the top five patent recipients in the United States over the past 19 years.

The company's comprehensive product line includes networked multifunction devices; digital copiers (colour and black and white); printers, scanners, image filing systems, facsimile machines; calculators, digital and analogue camcorders, digital and analogue cameras and lenses; semiconductor, broadcast and other specialized industrial products.

Canon supports programs that help preserve and protect the environment and instituted the Clean Earth Campaign in 1990, which assists various environmental and recycling initiatives. The Campaign has also supported leading environmental organizations, such as the Nature Conservancy of Canada, the World Wildlife Fund of Canada and the Canon Envirothon.

Au total, 1 500 employés travaillent à son siège social, situé à Mississauga, en Ontario, et à ses succursales partout au pays afin de desservir le marché canadien, d'un océan à l'autre. L'innovation et la technologie de pointe sont la force motrice du succès de Canon. Le leadership de Canon en matière de technologie et de solutions d'imagerie, d'optique et de gestion de documents est en grande partie fondé sur les milliers de brevets obtenus par la société au cours de son existence. À l'heure actuelle, Canon Inc. se classe parmi les cinq premières sociétés pour ce qui est du nombre de brevets déposés aux États-Unis au cours des dix-neuf dernières années.

La gamme complète des produits de la société comprend des appareils multifonctions réseau, des copieurs numériques et analogiques (monochromes et polychromes), des imprimantes, des scanners, des systèmes d'archivage d'images, des télécopieurs, des calculatrices, des caméscopes numériques et analogiques, des appareils photo numériques et analogiques et des objectifs, des semi-conducteurs, de l'équipement de diffusion et d'autres produits industriels spécialisés.

Canon soutient des programmes de protection et de préservation de l'environnement et a lancé, en 1990, la Campagne pour une planète propre pour appuyer plusieurs initiatives de protection de l'environnement et de recyclage. La Campagne pour une planète propre a également soutenu des organismes importants de protection de l'environnement tels que la Société canadienne pour la conservation de la nature, le Fonds mondial pour la nature (Canada) et le programme Envirothon de Canon.

Certified-Cosmetic-Search.ca

Certified-Cosmetic-Search.ca is a web site designed to educate Canadians about safe practices in cosmetic plastic surgery. There is no government regulation in Canada regarding the certification of physicians who can practise "cosmetic surgery." In fact, cosmetic surgery is not even a specialty recognized by the Royal College of Physicians and Surgeons of Canada. Any doctor in Canada can practise "cosmetic surgery." This makes self-education all-important for any Canadian who is considering a cosmetic surgical procedure. Only practitioners who are fully certified by the Royal College of Physicians and Surgeons of Canada in a

specialty appropriate to the practice of aesthetic surgery are listed on Certified-Cosmetic-Search.ca.

EnCana is one of North America's leading natural gas producers, is among the largest holders of gas and oil resource lands onshore North America and is a technical and cost leader in the in-situ recovery of oilsands bitumen. EnCana delivers predictable, reliable, profitable growth from its portfolio of long-life resource plays situated in Canada and the United States. Contained in unconventional reservoirs, resource plays are large contiguous accumulations of hydrocarbons, located in thick or areally extensive deposits, that typically have low geological and commercial development risk, low average decline rates and very long producing lives. The application of technology to unlock the huge resource potential of these plays typically results in continuous increases in production and reserves and decreases in costs over multiple decades of resource play life. EnCana common shares trade on the Toronto and New York stock exchanges under the symbol ECA.

ISLAM – The Ahmadiyya Movement in Islam

Canadian Headquarters:

Bai'tul Islam Mosque, 10610 Jane St., Maple, ON L6A 3A2
(2 km north of Canada's Wonderland)

The Ahmadiyya Movement in Islam, a worldwide community projecting true message of Islam, has more than 70 million followers spread in over 160 countries around the world. The community was founded in 1889 by Hadhrat Mirza Ghulam Ahmad of Qadian, India (1835–1908), who claimed to be the Messiah awaited in Judaism, Christianity and Islam (as well as the expected Mahdi for Muslims), and also, the Later Day prophet awaited in many other religions under various other names, with the mission of guiding mankind back to God. The present leader of the community (called the "Khalifa") is Hadhrat Mirza Masroor Ahmad. He is based in London (U.K.).

PERLEY~ROBERTSON, HILL & McDOUGALL LLP

The Smartest Legal Decision You'll Ever Make.

Stanley J. Kershman

Perley-Robertson, Hill & McDougall LLP,
90 Sparks St., Ottawa, ON K1P 1E2

PROBLEMS ARE SIMPLY SOLUTIONS IN WAITING™ – Canadians owe more than \$750 billion dollars: that's almost

\$23,000 for every man, woman and child in the country. In the U.S. it's \$9.3 trillion in total and \$31,730 individually. We've become addicted to credit, and Stanley J. Kershman believes it's time to stop. In fact, he wrote the book on the subject: his consumer guide *Put Your Debt on a Diet* (Wiley, 2003) followed his highly successful legal reference *Credit Solutions* (Carswell, 2001). A bankruptcy and insolvency law specialist with more than 25 years' experience, Kershman appears frequently in print, radio and TV media, helping audiences understand consumer and commercial bankruptcy, debt reduction strategies, and alternative dispute resolution. On deadline? Looking for straightforward answers to complex issues? Stanley Kershman can help.

MAC

The Mining Association of Canada
L'Association minière du Canada

The Mining Association of Canada

350 Sparks St., Ste. 1105,
Ottawa, ON K1R 7S8

The Mining Association of Canada is the national organization of the Canadian mining industry. It comprises companies engaged in mineral exploration, mining, smelting, refining and semi-fabrication. Member companies account for the great bulk of Canada's output of metals and major industrial materials.

The Association's main role is to project the views of the industry and work with governments on policies affecting minerals. The MAC works closely with the provincial mining associations and other similar groups across Canada.

Investing in people, discovery and innovation

Investir dans les gens, la découverte et l'innovation

Constitution Square, Tower II,
350 Albert St., Ottawa, ON K1A 1H5

The Natural Sciences and Engineering Research Council (NSERC) is a federal agency whose role is to make investments in people, discovery and innovation for the benefit of all Canadians. With an annual budget of more than \$860 million, we support more than 20,000 university students and postdoctoral fellows in their advanced studies. We promote discovery by funding more than 10,000 university professors every year. And we help make innovation happen by encouraging more than 500 Canadian companies to participate and invest in university research projects.

Our news team can quickly put you in touch with leading-edge researchers working on a broad range of studies and projects. We issue a regular e-bulletin containing breaking research news and feature ideas. For more information about NSERC funding, policies and initiatives, contact one of our media officers at the address below, or visit us at www.nserc.gc.ca.

O

Office of Energy Efficiency

580 rue Booth St., Ottawa, ON K1A 0E4

Natural Resources Canada's Office of Energy Efficiency (OEE) has everything you need to save energy, save money and help protect the environment. Through its many programs for the residential, commercial, industrial and transportation sectors, the Government of Canada has a wide range of programs to help Canadians and our industries, businesses and institutions become more energy efficient. The OEE can help you take the One-tonne Challenge through proven ways to save energy – and money – at home, at work and on the road while reducing greenhouse gas emissions that contribute to climate change.

L'Office de l'efficacité énergétique (OEE) de Ressources naturelles Canada a tout ce dont vous avez besoin pour économiser de l'énergie, économiser de l'argent et contribuer à la protection de l'environnement. Dans le cadre de ses nombreux programmes à l'intention des secteurs résidentiel, commercial, industriel et des transports, le gouvernement du Canada offre une vaste gamme d'initiatives pour aider les Canadiens, les industries, les entreprises et les institutions à devenir plus éconergétiques. L'OEE peut vous montrer comment relever le Défi d'une tonne pour économiser l'énergie – et de l'argent – à la maison, au travail et sur la route tout en réduisant les émissions de gaz à effet de serre qui contribuent au changement climatique.

333 Laurier Ave. W., Ste. 1400,
Ottawa, ON K1P 1C1

An independent quasi-judicial tribunal, the PMPRB limits the prices set by manufacturers for all patented medicines sold in Canada to ensure that they are not excessive. Sales of patented drugs account for over 67% of all drugs sold in Canada. The

PMPRB reports annually to Parliament on its activities, price trends of medicines, and patentees' R&D expenditures.

Le CEPMB est un organisme indépendant détenant des pouvoirs quasi-judiciaires. Il exerce un contrôle sur les prix du fabricant des médicaments brevetés vendus au Canada afin qu'ils ne soient pas excessifs. Les médicaments brevetés accaparent plus de 67 % des ventes totales de tous les médicaments vendus au Canada. Le CEPMB fait rapport au Parlement chaque année de ses activités, des tendances des prix des médicaments et des dépenses de R-D des brevetés.
